'Green Quiz'

On the occasion of Environmental Day observation, the Bhoomitrasena Club of Rouzathul Uloom Arabic College organized an engaging environmental quiz competition named 'Green Quiz' on 5th June 2024 at Seminar all of the college. The event aimed to raise

awareness about environmental issues and promote eco-consciousness among students. The programme, inaugurated by the esteemed College Principal, Shahad Bin Aly, witnessed enthusiastic participation from students and faculty members alike.

The Faculty-in-Charge of the Bhoomitrasena Club, Dr. Usama CA, provided an insightful introduction to the programme, highlighting its significance in fostering environmental awareness and knowledge. The involvement of dedicated faculty members such as Dr. Aboobacker K, Dr. Sharafudheen A, Farhana Kunhibi, and Shereena added depth and expertise to the quiz competition, ensuring its smooth conduct and effective engagement of participants.

The quiz competition comprised two levels, each designed to test the participants' understanding of various environmental concepts, sustainability practices, and current environmental issues. Tens of students eagerly participated, demonstrating their eagerness to learn and engage with environmental topics.

After an intense and active competition, the results were announced, with Ms. Muzna Abdul Kareem, Ms. Ayisha Raihana, and Mr. Daleef, all from the Afzal Ul Ulama 2nd year, securing the first, second, and third places, respectively. Their impressive performances reflected not only their knowledge but also their dedication to environmental awareness and advocacy.

The success of the 'Green Quiz' competition underscores the commitment of the Bhoomitrasena Club and Rouzathul Uloom Arabic College to promoting environmental education and sustainability initiatives. By providing a platform for students to showcase their knowledge and passion for environmental issues, the event has contributed to fostering a culture of environmental stewardship within the college community.

Moving forward, the Bhoomitrasena Club remains steadfast in its efforts to organize impactful initiatives that promote environmental consciousness and inspire positive action among students and faculty members alike.

Bhoomitrasena Club of RUA College Engages in Agricultural Enlightenment at 'Nattupacha-Kisan Mela'

In a bid to foster agricultural awareness and sustainable practices, the Bhoomitrasena Club from Rouzathul Uloom Arabic College actively participated in the 'Nattupacha-Kisan Mela' on 05th January 2024 (Friday).

The event, held at Kondotty, organized by Kondotty Block Panchayath from 03-06 January 2024, featured a diverse range of stalls and activities, emphasizing the importance of soil conservation, herbal plants, horticulture, and honey cultivation. The Kisan Mela also hosted an insightful Agricultural Seminar, providing a platform for experts to share knowledge and discuss innovative farming practices.

Dr. Usama CA, the Faculty in Charge of Bhoomitrasena Club, led a delegation comprising club members, including Muhammed Swabir, Badusha Faisala, Faisal, Ansaf, Anshad, Musbira Lamiya, Ayisha Jubin, Fathima Hanna, Musbira, Rinsha, Aysha Asna, in the exploration of various stalls and exhibits.

The Soil Stalls were a focal point, educating visitors on the importance of maintaining soil health and techniques to enhance fertility. The Herbal Plants Stalls showcased the significance of natural remedies and medicinal plants, promoting the integration of traditional knowledge with modern healthcare practices.

A highlight of the visit was the Agricultural Seminar, where experts and enthusiasts

9895 186 415

engaged in discussions on sustainable farming, technology adoption, and best practices in agriculture. The Bhoomitrasena Club members actively participated, gaining valuable insights into the evolving landscape of agriculture.

Horti Corps Stalls and Indoor Plants Stalls featured a wide array of ornamental and useful plants, encouraging attendees to consider the aesthetic and functional aspects of greenery. The Honey Cultivation Centers provided a hands-on experience in beekeeping, emphasizing the crucial role of pollinators in agriculture.

Dr. Usama CA expressed his satisfaction with the club's participation, highlighting the importance of such events in bridging the gap between academic knowledge and practical application in the field of agriculture. He commended the enthusiasm of the club members in actively engaging with the diverse facets of agriculture showcased at the 'Nattupacha-Kisan Mela.'

The Bhoomitrasena Club's involvement in the Kisan Mela serves as a testament to the college's commitment to holistic education, nurturing students not only academically but also in areas crucial for societal and environmental well-being. The visit to the Mela will undoubtedly contribute to the club members' understanding of sustainable agricultural practices and their role as responsible stewards of the environment.

PUZHAYORAM- ONE DAY ENVIRONMENTAL CAMP

The Bhoomitrasena Club of Rouzathul Uloom Arabic College (RUA), successfully organized a one-day environmental study camp at Andikkadan Kuzhi River bank, under the theme "Puzhayoram - Preserving Nature for Tomorrow."

The program, held on January 8, 2024, witnessed enthusiastic participation from students, faculty, and environmental activists alike.

The event kicked off with a warm welcome by Dr. Usama CA, the Faculty in Charge of the Bhoomitrasena Club at RUA College. The distinguished gathering was presided over by Shahad Bin Aly, the Principal of RUA College, who assumed the role of the chair for the occasion.

The inauguration ceremony was graced by Mr. Shukoor Vazhakkad, a prominent environmental activist, who shared insightful perspectives on the significance of preserving the Andikkadan Kuzhi River and the surrounding ecosystem.

Dr. Aboobacker, the Coordinator of the National Assessment and Accreditation Council (NAAC) at RUA College, and Mr. Anvar Shafi, the Convenor of the Mudakkoymala River Protection Action Committee, were both felicitated for their notable contributions to environmental conservation.

The highlight of the day was the engaging and informative sessions that followed, focusing on various aspects of environmental conservation, sustainable practices, and the importance of community involvement in preserving natural resources.

The event concluded with a vote of thanks delivered by Swabir, a dedicated member of the Bhoomitrasena Club at RUA College. He expressed gratitude to all participants, speakers, and organizers for their collective efforts in making the environmental study camp a resounding success.

Chaliyar River Bank Cleaning Mission

Members of the Bhoomitrasena Club at Rouzathul Uloom Arabic College displayed a commitment to environmental conservation by undertaking a river bank cleaning task along the Chaliyar River near Farook College on Monday, January 8, 2024.

The Chaliyar river bank in the Andikkadankuzhi area has been plagued by the accumulation of plastic bottles, covers, and various other wastes, posing a threat to the river's water quality and the overall health of the environment.

Taking up the challenge, members of the Bhoomitrasena Club, primarily comprising first-year students, dedicated hours to the mission. Despite the enormity of the task, they managed to make significant progress in cleaning the targeted area. The cleanup operation is expected to continue in subsequent sessions to ensure the restoration of the river bank to its pristine state.

Dr. Usama CA, the Faculty In Charge of the Bhoomitrasena Club, and Dr. Aboobacker K, the Coordinator of the National Assessment and Accreditation Council (NAAC) at Rouzathul Uloom Arabic College, led the initiative. Their active involvement and leadership underscored the importance of such endeavors in fostering a sense of responsibility towards the environment among the student community.

The cleaning mission concluded at 5:45 pm, where the participants were treated to a light refreshment. The event not only served as a

bhoomitrasena@ruacollege.ac.in

9895 186 415

practical step towards environmental sustainability but also emphasized the need for collective action to address environmental challenges.

The Bhoomitrasena Club's initiative to clean the Chaliyar river bank stands as a testament to the club's commitment to community service and environmental well-being. Such efforts contribute significantly to raising awareness about the importance of maintaining clean water sources and protecting the environment for current and future generations.

Renovation of Aquaponics Project

In an inspiring display of resilience and community spirit, the Bhoomitrasena Club of Rouzathul Uloom Arabic College successfully renovated its aquaponics plant after it collapsed due to heavy rains in December 2023. The aquaponics project, which had been constructed the previous year and was running effectively, faced significant damage, prompting the club members to embark on a journey of rebuilding and renovation.

Figure 1-Club Members checking the collapsed aquaponics plant

Aquaponics during the inauguration in 2023

During the months of January and February 2024, the club members tirelessly worked together to restore the aquaponics plant to its former glory. Led by Mr. Jazin and Mr. Sajeer, who provided dedicated leadership, the members poured their efforts into rebuilding the broken fish tank and renovating the growbag platform. Despite facing challenges, including adverse weather conditions and logistical hurdles, the team remained undeterred in their mission.

A noteworthy aspect of the renovation process was the active participation of the undergraduate first-year students, who enthusiastically contributed to the work. Their involvement not only demonstrated their commitment to environmental sustainability but also showcased the spirit of unity and cooperation within the Bhoomitrasena Club.

Figure 2- Bhoomitrasena Club members working on the renovation of the aquaponics plant

Dr. Usama CA, the Faculty-in-Charge of the Bhoomitrasena Club, played a pivotal role throughout the renovation project, offering crucial guidance and support to the club members. His leadership and expertise proved invaluable in steering the team through the intricate process of rebuilding the aquaponics plant.

The successful renovation of the aquaponics project stands as a testament to the dedication and perseverance of the Bhoomitrasena Club members. Their collective efforts have not only restored the functionality of the plant but have also strengthened the club's commitment to promoting sustainable practices within the college community and beyond.

Moving forward, the Bhoomitrasena Club remains steadfast in its mission to foster environmental stewardship and innovation, continuing to inspire positive change and make a meaningful impact on campus and in the wider community.

This work highlights the dedication and hard work of the Bhoomitrasena Club members in renovating their aquaponics project after it collapsed due to heavy rains, and emphasizes the collaborative effort of the club members, with specific mention of key leaders and contributors. Unfortunately, the lack of rain and water in the college premises prevents the club from refunctioning of the plant, so the club members are eagerly waiting to the very first rain to relaunch the plant and to run it as it was earlier.

Participation in Two-day workshop on 'Community Participation in Ecosystem Management'

The members from the Bhoomitrasena Club at Rouzathul Uloom Arabic College enthusiastically participated in a comprehensive two-day workshop themed 'Community Participation in Ecosystem Management,' which was meticulously organized by Farook Training College on the 19th and 20th of February 2024. The event unfolded across the expansive grounds of Farook Training College and the serene backdrop of the Kadalundi Bird Sanctuary, providing a diverse learning environment for attendees. Throughout the workshop, Ms. Musbira Lamiya and Ms. Ayisha Asna, the club representatives, displayed remarkable engagement and enthusiasm, actively contributing to the enriching discussions and practical activities.

Esteemed scholars and experts in the realm of environmental studies spearheaded the workshop, bringing forth their wealth of knowledge and expertise to guide the participants. Notable luminaries included Dr. Muhammed Jafer Palot from the prestigious Zoological Survey of India, Dr. Kishor Kumar, esteemed head of Farook College's esteemed Zoology Department, and Mr. Afeef Tharavattath, the Faculty-in-Charge (FIC) of the Bhoomitrasena Club at Farook Training College, among other distinguished individuals who served as resource persons. Their collective wisdom and guidance added significant value to the workshop, fostering an environment conducive to holistic learning and exploration.

The workshop itself served as a transformative experience for the students, offering them a unique opportunity to bridge theoretical knowledge with practical application. Through a series of dynamic sessions, participants were immersed in real-world scenarios, allowing them to witness firsthand the intricacies of ecosystem management and the challenges of environmental conservation. The blend of classroom discussions,

[ruacollege_official](https://www.instagram.com/ruacollege_official)

9895 186 415

field trips, and interactive activities provided a multifaceted understanding of the subject matter, empowering the students to become active stewards of the environment.

The impact of the workshop extended far beyond its duration, leaving an indelible mark on all attendees. The knowledge gained and the connections forged during the event are invaluable assets that will undoubtedly shape the future endeavors of the participants. The Bhoomitrasena Club extends its heartfelt appreciation to Farook Training College for orchestrating such a remarkable initiative and for providing its members with the opportunity to partake in this enriching experience.

'Kilikalum cool avatte'
Summer Campaign Inauguration

Objectives of the Campaign:

1. Explain the significance of the campaign in providing water pots for birds, especially during hot and dry weather conditions.
2. Highlight the importance of ensuring the well-being of our feathered friends and how small actions can make a big difference.
3. Stress the importance of educating people about the simple steps they can take to help birds, such as placing water pots in their yards or balconies.
4. Highlight the educational aspect of the campaign in fostering a culture of compassion and environmental stewardship.

The campaign **"Kilikalum cool avatte"** (Let the birds cool), initiated by the Bhoomitrasena Club of Rouzathul Uloom Arabic College, marked its inauguration on **March 27th, 2024**, the campaign in connection with the world water day -March 3rd- which is being celebrated on the theme 'Leveraging Water for Peace', will be active during the period of March-May 2024, with a speech from Shahad Bin Aly, the Principal of Rouzathul Uloom Arabic College. In his address, he commended the members for their altruistic endeavors and stressed the critical need to raise awareness about the challenges birds encounter in accessing water sources, particularly in urban areas where their natural habitats are dwindling. He supplemented his remarks with

pertinent statistics and anecdotes, highlighting the pressing nature of the issue.

The inauguration ceremony witnessed the presence of distinguished personalities including Prof. CK Usman Farooki (Secretary of Staff Council), Ali Madani (Controller of Examinations), Dr. Sharafudheen A, Farhana Kuhibi, Ismail Ibrahim, Shereena KP, Sundas, and Maryam, who extended their felicitations. During their speeches, the faculty members encouraged active participation from the members in supporting the campaign. They emphasized the significance of engaging organizations and local businesses to collaborate in order to ensure the success of this initiative, underscoring the transformative potential of collective action.

As part of the campaign's launch, the club members took concrete steps by installing numerous hanging water pots for birds across the college campus. Additionally, they made a collective pledge to support the campaign by installing water pots in their respective homes during the upcoming hot summer vacation. They committed to actively participating in the campaign and pledged to allocate their time and resources towards its success. Furthermore, they expressed their determination to spread awareness about the initiative within their communities.

Dr. Usama CA, the faculty in charge of the Bhoomitrasena Club, delivered a poignant address, reiterating the club's dedication to fostering a better environment for birds. He urged everyone to remain engaged and committed to the cause, emphasizing the importance of collective efforts in achieving a sustainable and compassionate future for all beings.

Various online programmes, BMC members participated during the year

Bhoomitrasena Club of Rouzathul Uloom Arabic College Member actively participated in different online programmes like webinars and quiz competition during the academic year.

1. Many of the club members participated in the webinar entitled **“Role of youth n waste management to mitigate climate change”** Jointly organized by Kerala Legislative Assembly Media & Parliamentary Studies and UNICEF on **30th January 2024** at 7:30pm on Zoom platform. Mr. MS Vijayan (Executive editor, K-LAMPS), Ms. Gayatri Babu (Hon. Chairperson, Health Standing Committee, Thiruvananthapuram Corporation) and Ms. Suhana. RH (Young Scholar awardee UNICEF India 2022) were the resource persons of the programme. The clu members fully benefited from the lectures.

2. Dedicated members of the Bhoomitrasena Club (BMC) at Rouzathul Uloom Arabic College enthusiastically took part in a national-level online quiz organized by BrotherNat in honor of **World Wetland Day** on **February 2nd, 2024**. The competition provided an exciting opportunity for the participants to expand their knowledge in areas they hadn't previously focused on. Despite the intense nature of the competition, with over 200 participants achieving perfect scores, it served as a valuable learning experience. Additionally, the event served as a poignant reminder to participants about the significance of wetlands and the importance of their preservation in today's world.

Members of the Bhoomitrasena Club at Rouzathul Uloom Arabic College actively participated in a webinar titled "Beat the heat," co-organized by the Kerala Legislative Assembly Media & Parliamentary Studies and UNICEF on March 22nd, 2024. Distinguished figures such as Shaji C Baby (Secretary, Niyamasabha), Dr. MG Manoj (Scientist, CUSAT), Vinod Naranat (Puppeteer & Kitty the Puppet), and Ms. MS Swagatha (Student Member, State Platform) were among the notable speakers. Our club members found the program highly beneficial, as it provided them with valuable new information and insights.
